Yamhill Partners for Land and Water  
Statement of Commitment

The Trust for Public Land (TPL, [www.tpl.org](http://www.tpl.org)) is a national nonprofit organization that conserves land for people to enjoy as parks, community gardens, historic sites, rural lands, and other natural places. TPL supports the work of the Yamhill Partners for Land and Water and will, as a partner:

- Collaborate with all Partners to broaden and deepen the conservation agenda for Yamhill County.
- Actively engage landowners, government jurisdictions, and private organizations, in coordination with the Partners, to advance land acquisition and restoration projects.
- Support the Partners in all areas of TPL's conservation expertise, including real estate transactions, public finance measures, and conservation planning.

Geoff Roach  
Oregon State Director
