LAND CONSERVANCY

## Three Rivers Land Conservancy

In 2008, the Three Rivers Land Conservancy (TRLC) Board approved expansion into Yamhill County. TRLC will consider this area in its Conservation Strategies Plan update to establish specific focus areas with Yamhill County. Three Rivers Land Conservancy will:

- Collaborate with other Partners to conduct general landowner workshops, as and when appropriate, about conservation easements;
- Consult with qualifying landowners pursuing easements;
- Collaborate in helping to identify and secure funds for easement and land purchases and management; and
- Hold land and conservation easement on properties that meet TRLC's criteria.
