Dear Will:

As you know, the Yamhill SWCD Board of Directors voted to become official partners and sign on to the Declaration of Cooperation for Yamhill Partners For Land and Water.

As stated earlier, Yamhill Soil and Water Conservation District will:

- Maintain an interest in collaborating with Yamhill Partnership for Lands to preserve and protect land in Yamhill County.
- Collaborate with Yamhill Partnership For Lands to identify and acquire conservation easements with landowners.
- Actively support acquisition of key resource lands by partners.
- Actively seek funds acquisition that allows restoration projects to proceed.

We looked forward to working with the Partnership.

Tim Stieber
YSWCD Executive Director
